Want to improve your driving? Want to have a lot of fun?

This full-day course is designed to teach you the basics of car control. You will gain a whole new level of respect for your machine while learning its limits safely in a controlled course, with instructors showing you the way. This is highly recommended for drivers new to their Porsches. This event is held only once a year and is limited to just 56 people, so be sure not to miss it!

Bring a helmet if you have one (No problem if you don't as we have loaner helmets), and pack a lunch and some (non-alcoholic) drinks. Make sure you also have a full tank of gas, and air at or +2psi above the factory-recommended "cold" pressures in all tires.

Registrations will be accepted in order of postmark **(PLEASE WRITE LEGIBLY AND YOUR EMAIL IS MADATORY - THANKS)**
